- Collaborating with cross-functional teams between our Calgary and Bogota offices (technical, operations and finance teams) to continuously improve reporting processes to assist senior leadership in making educated business decisions and provide stakeholders with more user-friendly and insightful information.
- Support the delivery and consolidation of the annual long-term plan (LTP) and related executive-level materials
- Support business change and system process improvements.
- Prepare Management and Board reporting packages with executive level explanations of financial and operational results.
- Analysis and presentation of materials during the annual reserves cycle.
- Deliver ad hoc reports and analysis.
- Provide advisory and support with special project work as required; and
- Support the Finance, Investor Relations and Communications teams in satisfying their information needs.

What you must have:

- Undergraduate Degree in Engineering, Business, Accounting or Finance.
- Minimum 7 years of applicable experience in the oil & gas industry.
- PEng, CFA, CPA and/or MBA considered an asset.
- Advanced financial modelling and Excel skills.
- Strong organizational and analytical skills, strong attention to detail and a positive attitude.
- Comfortable working with cross-functional teams.
- Excellent communication and writing skills using PowerPoint.
- Familiarity with industry tools such as Power BI, Bloomberg, Factset and ValNav considered an asset.
- Ability to work independently and cohesively in a team.
- Experience presenting to and communicating with senior leadership teams.
- Self starter that works well under pressure to deliver timely and quality work.
- Spanish speaking would be an asset but not required.
