PAREX’s Corporate Social Responsibility Policy allows the Company to generate shared benefits and favorable conditions in its activities and in the environment for the feasibility and permanent operativity of the Company’s projects throughout the Colombian territory where contractors, workers and employees carry out oil and gas exploration, exploitation and marketing activities.

This policy is transversal to all the areas of the Company in order to responsibly and strategically address the risks, impacts and opportunities generated by activities in territory, contributing to the improvement of the life quality of stakeholders through social, economic and environmental development.

PAREX implements the necessary strategies to develop legitimate and long-lasting agreements with strategic partners in the territories where projects are carried out, ensuring business feasibility, sustainable territorial development and the permanent maintenance of equity and integral reputation.

PAREX recognizes, adapts to the environment and Works hand in hand with the community, leaders and authorities to analyze, improve and manage the real needs of the territories where it operates, building successful long-term relationships.

PAREX carries out its operations in a responsible, transparent and safe manner, always showing respect for people’s lives, human rights, protecting the environment and biodiversity It is committed to managing climate change and social development programs aimed at contributing to the Sustainable Development Goals, compliance with the law, risk management, operational excellence, and respectful relationships.

PAREX shows its commitment through facts, and through a clear, transparent and permanent communication, it discloses performance and joint results of the projects and programs executed, best practices and standards in terms of ESG (Environmental, Social and Governance).

PAREX adopts Colombian regulations related to the participation of ethnic groups, and it ensures their respect, inclusion and preservation. It also recognizes and respects diversity and champions non-discrimination of gender, sex, beliefs, political and/or philosophical views.

PAREX Works closely with contractors and suppliers to achieve a responsible management throughout the value chain in compliance with the legal framework and delivering the commitments undertaken with the communities.

PAREX has the necessary tools to listen to, address and manage any potential requests and claims by stakeholders, in order to prevent and mitigate any significant risks and impacts related to the Company’s operations.
